The existing staff of 12 Firka Supply Officers, including the 5 Additional Firka Supply Officers sanctioned in the Board's reference cited 2nd above, are found to be quite inadequate for the effective supervision of 582 relief shops spread all over the Taluks of this district. The travelling difficulties in this District especially during the monsoon are too well known and many of the relief shops are situated in interior villages. According to the scale prescribed in the Board's reference cited 1 above there is necessity for the employment of 4 Firka Supply Officers immediately in this District. The statement to be furnished whem applying for sanction of Additional Firka Supply Officers as ordered in the Board's reference cited 1st above, is given below. I request that the Board may be pleased to address the Government to sanction 4 more Firka Supply Officers for this District for a period of 3 months from the date of their appointment. This is the minimum additional staff necessary to have an effective supervision of the relief shops.
